Since 1979 JPR Electronics have been supplying electronic components and accessories to manufacturers, OEM's, sub-contractors, designers, distributors and education. JPR are an independent distributor with a global network of franchises, which enables us to offer an extensive range of products from recognised quality manufacturers. All products listed on our website are stocked in depth and can be supplied next day via UPS.

JPR sources many other products by leading manufacturers, plus extended ranges of products from our comprehensive network of suppliers not available online. We welcome the chance to offer highly competitive pricing by quoting on your current product, volume orders and BOM's. We will hold quotes for 30 days, protecting you against price rises. Contract pricing available on all lines for quantities above our end column.
