

BOSSCART® 32

32 BAY DEVICE CHARGING CART

PRODUCT OVERVIEW

Introducing the **BossCart® 32**, a cutting-edge storage and charging solution designed and manufactured in the UK to meet the diverse needs of modern environments. Built from lightweight yet durable high-impact plastic, the BossCart 32 ensures exceptional mobility and resilience, catering to the demands of various settings while particularly excelling in educational environments. With its compact design and innovative features, this storage cart offers an efficient and cost-effective solution to seamlessly integrate technology, enhancing productivity and organization across different sectors.

KEY FEATURES

Maximum Devices, Minimal Space

3 compartments and 32 individual device bays for up to 14" chromebooks, laptops, or tablets, all in a compact, 33% smaller footprint than comparable offerings.

Lightweight & Portable

Featuring heavy-duty locking casters, the BossCart 32 ensures stability and easy transportability, making it ideal for use in classrooms, offices, libraries, and more.

Safe & Secure

Manufactured from a durable, rust proof, and non-conductive material. Equipped with front and rear doors featuring a dual-locking system and separate keys for tamper prevention.
